We are also committed to continual improvement towards infrastructure leading to future development in the welfare of all stake holders.

**Do you want to become a pharmacist? If yes, SSVCP will be of help to you.  
In this institute offer Diploma & Degree in Pharmacy.**

The College of Pharmacy was established in the year 2018 with a mission to provide trained manpower in the field of Pharmacy and to integrate the knowledge of medicine, clinical sciences and drug discovery for patient care and cure. It is designed to be a self-reliant campus with all basic amenities and resources viz. round the clock electricity and RO processed water supply with ample security arrangements. The Shri Siddhivinayak College of Pharmacy, Agra, aims at enhancing the prestige that the Shri Siddhivinayak Group has earned over the years of its establishment.

The college has strength of well qualified and experienced faculties, supported by competent laboratory staff. They have contributed good number of publications in national and international pharmaceutical journals. The faculty members are a careful assortment of people with knowledge, experience and expertise who have demonstrated their capabilities in their past academic endeavors.

The institute is providing even better opportunity and environment for exchange of views and updating knowledge by organizing the Guest lectures/ seminars/ symposia/ conferences in the field of Pharmaceutical Sciences.

## THE INSTITUTE OFFERS COURSE

### D. PHARM. (Diploma In Pharmacy)

Diploma in Pharmacy (D.Pharm.) is two year diploma course, and approved by AICTE, Ministry of HRD, Govt. of India, New Delhi and Pharmacy council of India (PCI) New Delhi and affiliated to Board of Technical Education, Uttar Pradesh, Lucknow

First of all, let us know "What is Pharmacy?"

The word pharmacy is derived from the word "Pharma". This word had first been used in the 15th-17th century. "Pharmacy is the branch of health sciences that deals with the science and technique of preparing and dispensing drugs. This science uses principles of health sciences, biology and chemical sciences to create, dispense and to ensure the safe and effective use of pharmaceutical drugs.

It enables the students to develop strong foundations in bio-sciences and related subjects simultaneously improving their applicability in the various stages in medicine discovery and production. A perfectly conducive learning atmosphere has a unique integration of the ingredients suiting the requirements of contemporary pharmacy education scenario.

### B. PHARM. (Bachelor of Pharmacy)

Bachelor of Pharmacy (B.Pharm.) is four year degree course, and approved by AICTE, Ministry of HRD, Govt. of India, New Delhi and Pharmacy council of India (PCI) New Delhi and affiliated to Dr. APJ Abdul Kalam Technical University, Lucknow.

Pharmacy is a science it encompasses the applied knowledge of various subjects like Medicines from plants, animals and minerals sources (Pharmacognosy), Pharmaceutics, Medicinal chemistry, Biochemistry, Drug designing, Pharmacology, Drug discovery, Bioinformatics and Drug analysis etc. The emphasis on transferable as well as specialized skills will also equip the graduates with qualities to enter a range of other professions. The four-year curriculum has been divided into 8 semesters and include lectures, tutorials, practicals, seminars and projects in addition to industrial training and educational tour etc. as defined in the schemes of instructions and examinations and executive instructions issued by the University from time to time. The curriculum will also include such other curricular, co-curricular and extracurricular activities as prescribed by the University from time to time.

# SCOPE OF PHARMACY COURSES

After 10+2, what are the available courses after 12th in pharmacy field?

Pharmacy is one of the popular field among the students. Education in pharmacy varies from one country to another. In India, the academic courses in the field of pharmacy starts from diploma level to doctoral level.

Career Scope & Job Opportunities in Pharmacy field are huge. Diverse job opportunities are available in front of Diploma in Pharmacy certificate holders. Government and private sector job opportunities are available in front of them. Due to the opening of large pharmaceutical companies, the future in the field of pharmacy is bright. Numerous jobs are available for pharmacists in government as well as private organizations. After completing your studies, you can easily find jobs in pharmaceutical industries, government departments, colleges and universities, hospitals, investigation and research institute etc. Pharmacists can practice in community pharmacies, hospitals, clinics, extended care facilities, psychiatric hospitals, and regulatory agencies. Sales & Marketing job sector also hires maximum number of pharmacy graduates.

After registering with the state Pharmacy Council, D Pharm certificate holders may even start their own private drug store! To thrive in such a venture, one must have access to decent financial resources and entrepreneurship skills.

Pharmaceutical companies are also known to hire D Pharm folks. In this sector, they may work at divisions/sections like- manufacturing, process control, quality control and marketing.

Talking about marketing sector, one may work for firms involved in pharmaceutical products marketing other than working right after completing D Pharm course, one may also go for further studies (B Pharm, Pharm D, M.Pharm. etc). After completing Master's level course, one may take up the job of a lecturer / tutor / instructor at relevant pharmacy schools or institutes.

# INFRASTRUCTURE

## LIBRARY

The library is the spinal column and the soul of an academic institutions and carries a vigorous role in teaching, training, and development. Students also utilize library as a source of information in accord with their course curriculum as well as for their self - development.

It is a well-planned full automation library that is equipped with latest books and journals along with E-resource available on pharmacy & related area. The Library works 14 hours in weekdays and 8 hours on weekends & Vacation to give a smooth access to the students. Fully automated computerizing search along with bar code system with DELPLUS Library management system is available.

## MACHINE ROOM & HERBAL GARDEN
